Re: Seven Stars Energy Project – Development Permit Application

Dear Sir:

Thank you for resubmitting the Seven Stars Energy Project Development Permit Application (the "**Application**") to the Rural Municipality of Griffin No. 66 (the "**RM**").

Council has reviewed the Application. At this time, council has decided to approve the application with the following conditions:

1. That the bond agreement be updated and resigned at every increase interval until the $11.5 million dollar bond is in place or if the project is sold. The full $11.5 million has to be provided by Enbridge in the form of a bond prior to any sale of the project.
2. That Enbridge follows the most stringent reclamation and decommissioning regulations at the time of decommissioning, whether it is what is stated in the permit or any updated regulations.
3. That there be no expansion of the project within the RM of Griffin No. 66 borders.

Should there be any questions or concerns about the approval, please reach out to the office.

Sincerely,

Tawnya Moore
Administrator
RM of Griffin No. 66
