**Re: DNR Water Resources Application for Project Permits
Docket # IP-NO-2020-2-N00471
Enbridge Responses to DNR Information Request Dated March 10, 2023
Supplemental Information to Enbridge's April 14, 2023, Filing**

Dear Ben:

Enbridge Energy, Limited Partnership ("Enbridge") has prepared the enclosed supplemental information (provided electronically) in response to the Department of Natural Resources' ("DNR") March 10, 2023, request for additional supporting data related to Enbridge's proposed Line 5 Wisconsin Segment Relocation Project (WDNR Docket No. IP-NO-2020-2-N00471). This supplemental filing includes additional information not included in Enbridge's April 14, 2023, filing. The requested information is in support of the DNR's Environmental Impact Statement ("EIS") for the proposed project.

If you have questions about the information presented in the attached materials, please contact me at (218) 390-9254.

Sincerely,

Julie Kloss Molina
Sr. Environment Advisor
Enbridge Energy, Limited Partnership
