

# Crossings and encroachments

## Application process

1 Applicant submits a complete application that meets application and drawing requirements

2 Crossings Analyst or Field Representative reviews the information for completeness and determines if an additional Enbridge assessment is required

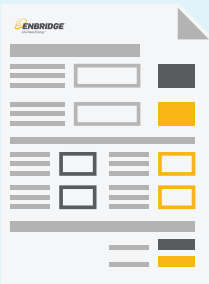

3 Assessment required or change to terms and conditions?

YES

4 Enbridge conducts an additional assessment

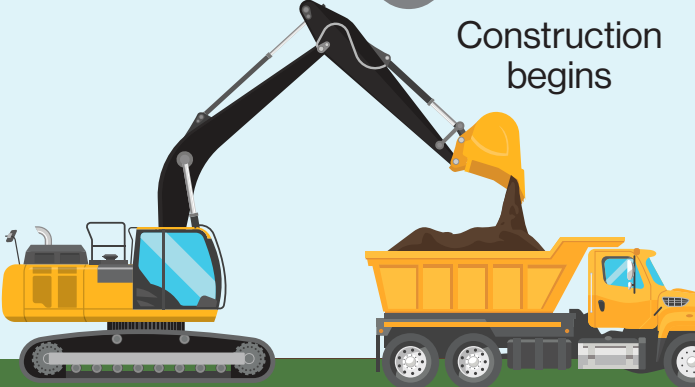

5 Crossings Analyst or Field Representative prepares a consent

6 Applicant signs the consent

7 Applicant places a One Call and schedules an Enbridge inspector

8 Construction begins
